Light to Life

Reaching out to the unreached
with the message of love
through education

Church, as a witnessing community is called to be the light of the world. Light to life is a social development endeavor of the Diocese of North America and Europe to ensure kids from poor communities get access to life's essentials, provide them necessary facilities for education, and enable them to lead a life of dignity.

The project aims at social transformation of communities by the holistic development of children, through education, health care, food and shelter. The project would help the children grow and achieve their full potential which eventually would result in the community to break free of poverty.

The Mar Thoma Mission Board of the Diocese of North America and Europe will implement this project in partnership with the church-related agencies in India. It also will reach out to support students in Native American mission fields.

I exhort all our members to whole heartedly participate in this endeavor. A child can be sponsored by donating \$20 a month. Let's all join hands to transform the lives of people for a better world.
